**Covid Community Support Group**

The Marsh Gibbon Covid-19 committee would like to thank you once again for your responses and willingness to assist the village. They have been overwhelmed with offers of help and the feedback from those who have requested assistance has been wonderful and they are all extremely grateful.

There are those in the village who are not on social media or email and may be lonely and would welcome a phone call. If you can think of anyone that this might apply to, please contact any of the four names on the leaflet to help brighten someone's day.

**Litter Blitz**

Thanks to everyone who is collecting and disposing of litter around the village roads. It makes such a difference if everyone picks up litter near their home.
