Post Office

After several months of work, the application to have a post office at The Plough is progressing well. Training should be happening soon.

Budget

Finance Committee compared actual expenditure at 30 September to the budget, as well as a projection to the year-end. Costs and income are as expected. The Committee then reviewed a draft budget for 2018-19, which will be discussed at the next full Council. As the grant from Bucks County Council for devolved services is now ending it is likely that the precept will have to increase to cover the costs of verge grass-cutting and paths maintenance.
